IN THE MATTER OF
THE APPLICATION FOR REINSTATEMENT OF

GERALD L. CLINTON, M.D.

Applicant

ORDER GRANTING PETITION IN PART

By its Order Granting the Limited License dated November 25, 1992, the Medical Examining Board issued its Order Granting the limited License. By the terms of that Order and succeeding orders, Dr. Clinton has been required to practice only under the supervision of another physician satisfactory to the board, and is prohibited from treating females of any age.

Consistent with the board's Order Renewing the Limited License dated November 29, 1993, Dr. Clinton appeared before the board at its meeting of February 23, 1994, in support of renewal of the limited license. At that time he confirmed his petition dated February 9, 1994, by which he requested that the board increase the scope of his license to permit him to treat elderly men and women at Wauwatosa area nursing homes. The board considered the request at that time.

Based upon Dr. Clinton's petition and all other information of record herein, the Medical Examining Board orders as follows:

NOW, THEREFORE, IT IS ORDERED that the petition of Gerald L. Clinton to permit him to treat elderly male and female patients in nursing homes in the Wauwatosa, Wisconsin area is denied. However, by this Order, Dr. Clinton may treat male patients in a nursing home setting.

IT IS FURTHER ORDERED that the limited license of Gerald L. Clinton, M.D., is hereby renewed for a period of three months. Dr. Clinton shall appear before the board at its May, 1994, meeting in support of any request to renew the license.

DISCUSSION

Dr. Clinton's limited license became effective on July 1, 1993, with the board's approval of Dr. Jackson as his practice supervisor and Dr. Kalogjera as his psychotherapist. The provision of the order granting Dr. Clinton's limited license, which specifies that his practice "shall not include the treatment of females of any age" has thus been in effect only slightly more than six months. greater period of successful practice will be necessary before the board would deem the relaxation of this prohibition to be appropriate.

Dated this 1 May day of _____, 1994.
